

# Lagoon House Brown Bag

## For Immediate Release:

Brown Bag Lunch presentations are fun, informative, and free! Presentations target the layman, and covered topics include ecology, aquatic life, history, native plants, and others of interest to those who care about our environment and the Indian River Lagoon in particular.

**Presentations are held Tuesdays from Noon to 1:00 p.m. at the Lagoon House, 3275 Dixie Hwy NE, Palm Bay, FL 32905**

For more information, call the Marine Resources Council at 321-725-7775 or go to our website <http://www.mrcirl.org>

### Topics for the month of June, 2010

**June 08 A Kayaker's View of the Indian River Lagoon**

*Kristen and Mike Beck, Kayaks Etc Owners*

A kayak is a great way to see our lagoon. Learn some of the best kayaking spots and how you can get out there yourself!

**June 15 Flintknapping: The Art of Stone Tool Production**

*Nathan Lawres, Outreach Coordinator – Florida Public Archaeology Network*

Join us as we learn about one of humankind's most ancient technologies: the art of making stone tools! See what it is like to have to make your own tools for the hunt and learn how our ancient residents managed with no modern technology.

**June 22 Protection of Water Resources**

*Ed Garland, Communication Coordinator, St. Johns River Water Mgmt District*

Learn how St. John's is protecting water resources to ensure that water supplies are available in the future. Ed will also explain how you can make a difference by smart use of water and fertilizer and help keep the lagoon healthy.

**June 29 New Scenic Highway Loop for Brevard County**

*Beth McMillen, Marine Resources Council*

Our area has a new scenic highway loop. Learn about where it is and the many parks, landmarks and wildlife refuges you can enjoy along our scenic highway and how you can get involved.
